

GAME CHANGERS

Slovenian team meeting with EP member

EP member: join Future of Europe

The Game-Changers Network had a fruitful discussion with the member of the European Parliament, Maria Spyraiki, about open schooling in secondary schools and how it could contribute to engaging youth in politics, democracy, and EU values.

Maria Spyraiki congratulated the Game-Changers Network and invited join the Future of Europe platform. This meeting was organized by Spyros Blatsios, a representative from PLATON M.E.P.E (Greece).

This meeting was a unique possibility to present "Game Changer" project at the international level and to engage young students (political #gamechangers) in politics based on their own interests.

INTERNATIONAL CONFERENCE ON CIVIC EDUCATION

FOLLOW US

Virtual international conference focused on civic education

Lithuanian College of Democracy together with Vytautas Magnus University and Seimas organized the international conference "Civic Education for Lithuanian and Global Success" on the 13-14 of May, 2021. The event was dedicated to Lithuanian Civil Resistance Day.

The special session was named "Game Changers" in order to present innovative civic education practices. Liudmila Gertiene, a teacher from Pasvalio Levens Secondary school, presented "Game Changer" project during this session as well.

If you didn't get a chance to join us during the Conference, follow the links:

Updated from Game Tour

"Game Changer" knowledge partner - Mireia Masgrau Ventura from Working with Europe/Treballant amb Europa Associació (Spain) ran the Game TOUR with all project practical partners.

The aim was to ask all student teams to post here the things they are creating, doing in their missions.

"After all the chats I just can say MANY THANKS!!! No matter Covies, problems, challenges, demotivation, and other things. The students in all the schools have been moving and doing things and creating missions, so a BIG thanks to them!", - concluded M.M. Ventura.
